Warning

Logging in as a member is the most accurate method to search for in-network providers. You may also enter your Alpha Prefix (the first three letters of your member number found on your ID card). Please make sure you have selected the correct network to search. This will minimize the risk of incurring additional out-of-pocket charges associated with using out-of-network providers.

Reasonable efforts are made to routinely validate the listed providers. We recommend you contact the provider to confirm that they are in your network prior to your appointment.

---

While we make efforts to ensure that our lists of doctors are up to date and accurate, doctors do leave our networks from time to time, and these listings do change. There may be higher fees associated with visiting a doctor who is not in our network or for obtaining a service that is not covered by your plan. You may be responsible for those costs. To avoid higher fees we recommend that you confirm your doctor is in network and that the desired service is covered when scheduling your appointment.
