Important Legal Notices Affecting Your Health Plan Coverage

THE WOMEN'S HEALTH CANCER RIGHTS ACT OF 1998 (WHCRA)

If you have had or are going to have a mastectomy, you may be entitled to certain benefits under the Women's Health and Cancer Rights Act of 1998 (WHCRA). For individuals receiving mastectomy-related benefits, coverage will be provided in a manner determined in consultation with the attending physician and the patient, for:

- All stages of reconstruction of the breast on which the mastectomy was performed;
- Surgery and reconstruction of the other breast to produce a symmetrical appearance;
- Prostheses; and
- Treatment of physical complications of the mastectomy, including lymphedema.

These benefits will be provided subject to the same deductibles and coinsurance applicable to other medical and surgical benefits provided under this plan. Therefore, the following deductibles and coinsurance apply:

CDHP Equity HSA POS: \$3,400 individual / \$5,700 family deductible; 20% coinsurance.

Signature POS Plan: \$750 individual / \$1,500 family deductible; 20% coinsurance

Choice POS Plan: \$1,500 individual / \$3,000 family deductible; 20% coinsurance

NEWBORNS ACT DISCLOSURE – FEDERAL

Group health plans and health insurance issuers generally may not, under Federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from the plan or the insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

NOTICE OF SPECIAL ENROLLMENT RIGHTS

If you are declining enrollment for yourself or your dependents (including your spouse) because of other health insurance or group health plan coverage, you may be able to enroll yourself and your dependents in this plan if you or your dependents lose eligibility for that other coverage (or if the employer stops contributing toward your or your dependents' other coverage). However, you must request enrollment within 30 days or any longer period that applies under the plan after your or your dependents' other coverage ends (or after the employer stops contributing toward the other coverage).

In addition, if you have a new dependent as a result of marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and your dependents. However, you must request enrollment within 30 days or any longer period that applies under the plan after the marriage, birth, adoption, or placement for adoption.

Further, if you decline enrollment for yourself or eligible dependents (including your spouse) while Medicaid coverage or coverage under a State CHIP program is in effect, you may be able to enroll yourself and your dependents in this plan if:

- coverage is lost under Medicaid or a State CHIP program; or
- you or your dependents become eligible for a premium assistance subsidy from the State.

In either case, you must request enrollment within 60 days or any longer period that applies under the plan from the loss of coverage or the date you become eligible for premium assistance.

To request special enrollment or obtain more information, contact the person listed at the end of this summary.

ADA NOTICE REGARDING WELLNESS PROGRAMS

The Health Benefits Wellness Program is a voluntary wellness program available to all full-time employees. The program is administered according to federal rules permitting employer-sponsored wellness programs that seek to improve employee health or prevent disease, including the Americans with Disabilities Act of 1990, the Genetic Information Nondiscrimination Act of 2008, and the Health Insurance Portability and Accountability Act, as applicable, among others. Please refer to the Hampton City Schools Wellness Program Guide located on the Human Resources section of Hampton City Schools' website.

Employees who choose to participate in the wellness program will receive a premium discount if they are enrolled in the Signature or Choice health plan, or an additional contribution to their HSA if they are enrolled in the CDHP.

Protections from Disclosure of Medical Information

We are required by law to maintain the privacy and security of your personally identifiable health information. Although the wellness program and Hampton City Schools may use aggregate information it collects to design a program based on identified health risks in the workplace, Hampton City Schools Wellness Program will never disclose any of your personal information either publicly or to the employer, except as necessary to respond to a request from you for a reasonable accommodation needed to participate in the wellness program, or as expressly permitted by law. Medical information that personally identifies you that is provided in connection with the wellness program will not be provided to your supervisors or managers and may never be used to make decisions regarding your employment.

Your health information will not be sold, exchanged, transferred, or otherwise disclosed except to the extent permitted by law to carry out specific activities related to the wellness program, and you will not be asked or required to waive the confidentiality of your health information as a condition of participating in the wellness program or receiving an incentive. Anyone who receives your information for the purpose of providing you services as part of the wellness program will abide by the same confidentiality requirements. The only individual(s) who will receive your personally identifiable health information is (are) staff at the Employee Health & Wellness Center such as a registered nurse, a doctor, or a health coach to provide you with services under the wellness program.

In addition, all medical information obtained through the wellness program will be maintained separate from your personnel records, information stored electronically will be encrypted, and no information you provide as part of the wellness program will be used in making any employment decision. Appropriate precautions will be taken to avoid any data breach, and in the event a data breach occurs involving information you provide in connection with the wellness program, we will notify you immediately.

You may not be discriminated against in employment because of the medical information you provide as part of participating in the wellness program, nor may you be subjected to retaliation if you choose not to participate.

If you have questions or concerns regarding this notice, or about protections against discrimination and retaliation, please contact Nicole Samuelson at 757-727-2326 or nsamuelson@hampton.k12.va.us.

Important Notice from Hampton City Schools About Your Prescription Drug Coverage and Medicare

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with Hampton City Schools and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
2. Hampton City Schools has determined that the prescription drug coverage offered by the CDHP Equity HSA POS, Signature POS, and Choice POS for the plan year 2026-27 is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered **Creditable Coverage**. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

When Can You Join a Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15th to December 7th. However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

What Happens to Your Current Coverage If You Decide to Join a Medicare Drug Plan?

If you decide to join a Medicare drug plan, the following options may apply:

- You may stay in the Hampton City Schools plan and not enroll in the Medicare prescription drug coverage at this time. You may be able to enroll in the Medicare prescription drug program at a later date without penalty either:
 - During the Medicare prescription drug annual enrollment period, or
 - If you lose Hampton City Schools plan creditable coverage.
- You may stay in the Hampton City Schools plan and also enroll in a Medicare prescription drug plan. The Hampton City Schools plan will be the primary payer for prescription drugs and Medicare Part D will become the secondary payer.
- You may decline coverage in the Hampton City Schools plan and enroll in Medicare as your only payer for all medical and prescription drug expenses. If you do not enroll in the Hampton City Schools plan, you are not able to receive coverage through the plan unless and until you are eligible to reenroll in the plan at the next open enrollment period or due to a status change under the cafeteria plan or special enrollment event.

When Will You Pay a Higher Premium (Penalty) to Join a Medicare Drug Plan?

You should also know that if you drop or lose your current coverage with Hampton City Schools and don't join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later. If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.

For More Information About This Notice or Your Current Prescription Drug Coverage...

Contact the person listed below for further information.

NOTE: You'll get this notice each year. You will also get it before the next period you can join a Medicare drug plan, and if this coverage through Hampton City Schools changes. You also may request a copy of this notice at any time.

For More Information About Your Options Under Medicare Prescription Drug Coverage...

More detailed information about Medicare plans that offer prescription drug coverage is in the "Medicare & You" handbook. You'll get a copy of the handbook in the mail every year from Medicare. You may also be contacted directly by Medicare drug plans.

For more information about Medicare prescription drug coverage:

- Visit www.medicare.gov
- Call your State Health Insurance Assistance Program (see the inside back cover of your copy of the "Medicare & You" handbook for their telephone number) for personalized help
- Call 1-800-MEDICARE (1-800-633-4227). TTY users should call 1-877-486-2048.

If you have limited income and resources, extra help paying for Medicare prescription drug coverage is available. For information about this extra help, visit Social Security on the web at www.socialsecurity.gov, or call them at 1-800-772-1213 (TTY 1-800-325-0778).

Remember: Keep this Creditable Coverage notice. If you decide to join one of the Medicare drug plans, you may be required to provide a copy of this notice when you join to show whether or not you have maintained creditable coverage and, therefore, whether or not you are required to pay a higher premium (a penalty).

Premium Assistance Under Medicaid and the Children’s Health Insurance Program (CHIP)

If you or your children are eligible for Medicaid or CHIP and you’re eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren’t eligible for Medicaid or CHIP, you won’t be eligible for these premium assistance programs but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit www.healthcare.gov.

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial **1-877-KIDS NOW** or www.insurekidsnow.gov to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren’t already enrolled. This is called a “special enrollment” opportunity, and **you must request coverage within 60 days of being determined eligible for premium assistance**. If you have questions about enrolling in your employer plan, contact the Department of Labor at www.askebsa.dol.gov or call **1-866-444-EBSA (3272)**.

If you live in one of the following states, you may be eligible for assistance paying your employer health plan premiums. The following list of states is current as of March 17, 2025. Contact your State for more information on eligibility –

Annual Notice about Participating in Your Employer's 403(b) Plan

Hampton City Schools maintains the 403(b) Tax-Deferred Annuity Retirement Plan (the "403(b) Plan").

The following information is intended to provide you with information about the opportunity to participate in the 403(b) Plan, including the maximum amount under the Internal Revenue Code ("IRC") that may be contributed to the 403(b) Plan.

What are elective deferrals?

The 403(b) Plan may permit you to reduce your compensation by electing to contribute a percentage or dollar amount to the 403(b) on a pre-tax (and, if permitted by the 403(b) Plan, on a Roth after-tax) basis.

How much can I contribute annually to the 403(b) Plan?

In general, you may make elective deferrals (including Roth 403(b) contributions) to the 403(b) Plan up to \$23,500 in 2025 and up to \$24,500 in 2026. The Internal Revenue Service ("IRS") may adjust this dollar limit annually for cost of living. In addition, the 403(b) Plan may permit you to contribute additional amounts under the 15 Years of Service Catch-up and/or the Age 50+ Catch-up, including increased amounts that may be available to those employees reaching ages 60-63 by the end of 2026. Please contact your employer for additional information about these catch-up contributions.

What do I need to do to begin contributing elective deferrals or to change my current elective deferral contributions to the 403(b) Plan?

The 403(b) plan document identifies those employees who are eligible to participate in the 403(b) Plan. If you are eligible to participate in the 403(b) Plan, you may begin contributing to the 403(b) Plan by completing and returning a salary reduction agreement to your employer. In addition to the salary reduction agreement, you must also establish an account with an investment provider(s) approved under the 403(b) Plan; you may also need to provide any additional information that may be required to enroll you in the 403(b) Plan.

If you are already currently contributing to the 403(b) Plan, you may be able to increase your pre-tax elective contributions (and Roth 403(b), if permitted under the 403(b) Plan) by completing and returning an updated salary reduction agreement to your employer.

Your employer can also provide you with information about who is eligible to participate under the 403(b) Plan, the forms needed to participate, and any additional protocols.

What is the total amount of employer and employee contributions that can be made annually to my 403(b) account?

In general, the total of all employer contributions, employee contributions (other than the Age 50+ Catch-up) and forfeitures allocated to your 403(b) account in 2025 cannot be more than 100% of compensation up to \$70,000. In 2026, that dollar limit increases to \$72,000 and is subject to IRS cost of living adjustments each year.

If you participate in (1) more than one 403(b) plan or (2) in another employer's 401 qualified plan (including but not limited to a pension plan or 401(k) plan) or simplified employee pension plan *and* you have more than 50% ownership interest in that other employer:

- The IRC requires that contributions to those plans be combined with contributions to the 403(b) Plan for a single total annual contribution limit; and
- You are responsible for providing this information to the employer that provided this notice to you. The employer may ask you for additional contribution information about those other plans in order to monitor total contributions made to your 403(b) account in accordance with the IRC. Any excess received over the IRS annual contributions limit (including in coordination with other plans) must be corrected via your participant account under this 403(b) Plan.

Failure to provide necessary and correct information to your employer about your participation in other retirement plans could result in adverse tax consequences to you, including the inability to exclude contributions to the 403(b) Plan under section 403(b) of the Internal Revenue Code.
