

DISINFECTION AND PRECAUTIONARY MEASURES

What is being done to ensure all HCS facilities are safe and clean for students and staff?

Enhanced Cleaning/Sanitizing Protocols

The following best practices and cleaning/sanitizing measures are a part of both day and evening custodians' responsibilities:

- *Wearing of disposable gloves while cleaning*
- *Using disposable cleaning cloths*
- *Increasing the cleaning of high frequency touch points*
- *Using of hospital-grade cleaners*
- *Disinfecting of soft surfaces (carpets, furniture, drapes)*
- *Using disinfecting technologies*
- *Using specialized detergents to laundered materials*
- *Training of all cleaning staff*
- *Enhanced cleaning of school facilities (late nights, weekends, reported sickness)*

Enhanced cleaning protocols will be utilized nightly.

- *Cleaning measures will include, but are not limited to:*
- *Cleaning of bathrooms and locker rooms with hospital-grade disinfectant*
- *Disinfecting all air vents and ventilation returns*
- *Cleaning of all windows and blinds*
- *Disinfecting of soft seating and carpets with appropriate sanitizing solution*
- *Thorough disinfecting surfaces throughout school buildings*

What cleaning/disinfecting procedures will occur if an actual case of COVID-19 is reported?

The following measures will be taken once a report of a confirmed COVID-19 case is reported:

- *The particular classroom(s) will be off-limits to all school personnel while it is being cleaned and sanitized*
- *All areas that the individual came into contact with will be cleaned and sanitized*
- *Transportation will be notified for additional measures to be taken for vehicle disinfecting*
