

Choice Middle School

PROGRAM OPTIONS

ANDREWS PREK-8

Open House

February 5, 2026

5:00-6:00pm

STEM Choice Program (School Hours 9:00am-3:49pm)

Hampton City Schools STEM Engineering Choice Program will provide opportunities for students to explore Science, Technology, Engineering, and Mathematics careers. This 3-year rigorous choice program curriculum is designed to motivate and challenge students by building on previous knowledge and critical thinking skills. Students will learn cutting-edge, technology-infused instruction coupled with design-based learning to connect to the world beyond school. Classes will be organized around typical engineering topics such as: Introduction to Engineering, Materials & Methods of Production, Structural Engineering, Mechanical Engineering, Electricity and Electronics, Chemical Engineering, Civil Engineering, and Industrial Engineering. **Students must demonstrate high academic ability.** Siblings of selected students in grades K-8 will be allowed to attend Andrews based on space availability. Transportation is provided for ZONED students only. Students must demonstrate high academic ability, high SOL scores, minimal attendance and discipline issues.

EATON FUNDAMENTAL

Open House

February 3, 2026

6:00-7:00pm

(School Hours 9:00am-3:49pm)

Thomas Eaton Middle School provides students and their families a comprehensive educational experience. We have high expectations of our students while providing an orderly and safe environment. **Eaton students and parents sign a collaborative contract with the school, agreeing to complete assignments and exhibit positive behaviors.** Eaton excels in the arts, extracurricular activities, community partnerships, service learning, and environmental experiences. Transportation is not provided.
