All applications are due by March 1, 2013. Please note that this is a multi-part application (Parent, Student, School Counselor and Teacher Recommendation are all required). Application approval is required for participation in the Academy. Space is limited to 60 students and all out of zone students must provide their own transportation. If you have any questions please view the Health Occupations Brochure or contact the Guidance & Counseling Department at 825.4424.

College bound or not... If you are interested in any Health Care Profession; we prepare you for that challenge!
Health Occupations Students teaching “Hand washing Skills” to students at Phenix school.

Health Occupations Students performing hearing screenings at Phenix school to K-8 students.

The Health and Medical Sciences Career Academy (HMSA) is an immersive education environment focused on building a foundation of medical knowledge, skills, and experiences in students while completing high school. With this foundation, students will make informed decisions to pursue education, training, and licensing in healthcare and related careers. By being part of this career academy, students will apply their core academics in the context of medical careers to help them find the path that best suits their aptitudes and interests.

The Health and Medical Sciences Career Academy (Housed at Bethel High School)

Academy Strands

Students may pursue their high school course offerings in three career stands related to the field of health and medical science:

**Strand 1:** Medical Doctor, D.D.S, RN, LPN

**Strand 2:** Technical, Bio-Engineering, Medical Equipment

**Strand 3:** Allied Health (to include a variety of industry certification programs)
